

JEAN TERECHKOVA

DJ SET/ LIVE SHOW PIANO

DJ and producer Jean Terechkova has always had a taste for transformation. Even her stage name carries that spirit : it brings together a longtime masculine nickname and a tribute to the first woman in space.

Hailing from Rennes, she has carved out a sound of her own within hard dance. Her DJ sets pair razor-sharp kicks with soaring melodies, built for the dancefloor while making room for the sensitivity and emotion at the heart of her music.

With her debut album *ORIGINE*, released on DUR Label, Jean Terechkova returns to the piano and opens a new chapter in her project. It takes shape on stage in a live show where poetry meets driving rhythms.
